

'Ghost Towns' Story Worries Only The Uninformed

I have spent 50 years in the Everglades (Pahokee) and there is just as much soil here today as there was 50 years ago, and will be in 50 years from now. Pahokee and Belle Glade people do not have to worry about the

soil being gone in 15 or 35 years. Many states have bogs and swamps of peat like northern Indiana, Michigan, Maine and other states which they have drained and farmed for over 100 years and still have just as much soil, but it has been packed down from farming. Our muck here, of course, has packed down about two feet, compared like a bale of straw instead of loose stack.

In 1915 Mr. Henry Bidsoun brought the first mule to what is now Pahokee. The muck was so soft and fluffy no horse could walk on it. He tied the mule out one night in a small clearing in front of his house. I was visiting him and when we looked out the next morning, the mule was gone. We walked out to where the mule was tied and she had

been farmed over 100 years. I have all my investments here and I'm not worried about the soil. It will be here and is the best investment anyone could (Continued On Page 4A)

Elmer T. Jones, 124 Carissa Drive, Pahokee, indicates with his finger the six-inch mark to show the lowering of the land at his home, below a concrete spreader between two piling which, in turn, "were driven into rock in 1941 when I built the house in what was a bean field."

The two photos shown here are in the middle of the Ghost Town predicted by THE MIAMI HERALD recently.

Auxiliary's Drive For Furnishings Secures \$8,222 — Six Complete Rooms

Mrs. J. Allen Baker, President and Mrs. Roy Brown, Chairwoman of the present drive to secure aid from the public in furnishing patients rooms of the new hospital, have made an interim report which shows a collection of \$8,222 in the Belle Glade area, \$493 from South Bay and \$275 from Lake Harbor for a total of \$9,000.

Six rooms have been completely furnished by the following: Kirschman, in memory of A. E. Kirschman, Sam Senter, Sam Knight and family, Lake Shore Growers, A. Dada and Sons and Big "B" Ranch.

Brochures have been prepared for mailing and use in a campaign to insure the furnishing of all patients and special rooms and the campaign will be underway within the next week.

Items are listed in the brochure so that anyone, of whatever financial means, may memorialize an event or a person, individual items, from \$35

Civitan

Citizenship Award Honors G. Curlee

Mr. Garrie Curlee, Superintendent of the Glades Correctional Institution, was signally honored on Tuesday, by being the first recipient of the "Good Citizenship Award," which was presented at the luncheon of the Belle Glade Civic Club. Making the presentation was Myron E. Ludlow, chairman of the award committee. Don Fisher was in charge of the program.

Mr. Curlee is not a Civitan Club Member, but has been recognized for his work during the past five years, as administrator of the Correctional Institution.

During the meeting, and prior to the presentation of the award, several club officers spoke briefly on the history and aims of the civic organization.

Since 1963, this group has contributed, in excess of \$1,450 toward the Christian Ministry to Migrants; The Royal Palm School for Exceptional Children; Little League Baseball Program; Boy Scouts; Belle Glade Library; Belle Glade High School Athletic Association; Parent-Teachers Association; and the Junior Civitan Club.

Desegregation Causes Building Review; Spot Survey On Schools To Be "Phased Out"

County Supt. Robert W. Fulton, at a meeting Thursday, April 29 with a Florida State Dept. of Education official on changes needed to be made in Palm Beach County's upcoming \$28.75 million school building program now that desegregation is here.

He said he had asked Charles E. Chick, coordinator of School Surveys and Capital Outlay Projects at the State Dept. of Education, Tallahassee, to come to West Palm Beach to make a spot survey on schools to be

Elks Dance, Supper Saturday Night For New Officers

An inaugural ball will follow a steak supper honoring new officers will be held at the Elks Club this Saturday night. All Elks and their wives are urged to come out and support the new officers in starting out their new year.

New officers being honored are Bill Rhodes, Exalted Ruler; Ercel Mixson, Leading Knight; John Causey, Loyal Knight; Doug Thompson, Lecturing Knight; L. G. Berryhill, Squire; (Continued On Page 4A)

Paddle Queen Cruise Lions Event For Ladies Night

Dr. J. A. Winchester, Nematologist at Everglades Experiment Station, was the speaker at the Wednesday luncheon meeting of the Lions Club, and gave a report on his recent trip to Puerto Rico where he spoke at the 12th International Congress of Sugar Cane Technologists.

Showing slides of his island trip, he explained how the drought affected Glades sugarcane and grasses. (Continued On Page 4A)

\$300 Million Road Bond Program Ambiguous As To Palm Beach Co.

Governor Hayden Burns, in his message to a joint session of the Florida Senate and House said: "This constitutional amendment will contain each of the proposed construction projects, and they will be spelled out with complete identification."

On a map, accompanying the text of the message, there is shown by colored ribbons of

ink the new, four-lanes built, and those now under construction.

Also, there is a break-down in description and mileage of each portion to be included. "US No. 441 is listed under 'US 27 and 27-A: From Georgia line to Miami' with the words 'From S. of South Bay to West of Miami.' The list to be built on 27 and 27-A, totals up 269

miles, according to figures on an up-to-date road map. The total given for this stretch — Georgia to Miami is 230.5, or a discrepancy of 38.5 miles.

Again under "US 441 and SR 80, we find" From South Bay to Miami 74.0 and "a o l" From South Bay to West Palm Beach on S. R. 80, and "b" From SR 80 to Margate. The map reads approximately 42 to West Palm

Beach (Four Points) and from Fla. 80 to Margate 32 miles, for a total of 74 miles against a listed mileage of 72.0. Our map could be "wronger" than the road department's engineer here.

The 38.5 miles, not apparently included in the "Georgia line to Miami" group would leave the space from South Bay to the north line of the Conservation No. 3 where it crosses US No. 27, or from the south line of the Broward County north line ON TO MIAMI. If you were governor which part would you leave out?

Altogether the plan appears feasible timely, with financing a practical matter — get it on the "stalltime pay-me-in" plan, and most certainly very desirable.

The plan calls for 1,207 miles of four-laning within the next four years, over and above the near normal construction of the primary road program.

The financing proposal, "pledging 1 1/2 cents of the four cents of gasoline tax that is earmarked for the primary road fund" and "WILL NOT INVOLVE ANY NEW TAXES" In fact only (Continued On Page 4A)

Mrs. Homer Hand Appointed To Library Board

The appointment of Mrs. Homer J. Hand on the municipal library board was made by the City Commissioners Monday, to fill a vacancy created by the resignation of Mrs. Peter LaChance.

The resignation of Mrs. LaChance, who served as treasurer of the board was submitted to city manager Tevis Huguey last week. Mrs. Mary Oresen, board chairman, submitted a letter of recommendation at (Continued On Page 4A)

No Offshore Corn & Celery Help After May 1 - Wirtz

Growers of the community phoned Tuesday afternoon that Secretary of Labor Wirtz had again refused certification of offshore laborers to remain in Florida after the previously set date of departure, April 30th.

"He can't do this to us," says one larger grower who has some 60-odd offshore men as a nucleus for harvest crews. "It's unthinkable that a sane man would deliberately hazard the loss of some 2,000 to 3,500 acres of spring celery in the Glades."

Also, the Secretary has refused any offshore aid beyond

May 1st for corn harvest. There is estimated to be 16,000 acres of corn in the Glades area for harvest within the next thirty days.

"There are 28 celery harvest machines in the Glades," says one Broker, "and with 20 cutters to each machine, you see we need better than 500 cutters."

We have failed over the past five to six years to get domestic labor to do the cutting of celery — they just won't do it."

By his action the Secretary of Labor also adds to the financial loss of the community the payroll of domestics as graders, packers, truck drivers, precooling and loading labor, as well as the selling organizations, long-haul trucks and railway tonnage in both celery and sweet corn.

Estimating 700 crates per acre of celery and 250 crates of corn, we have a total of 4.6 million packages yet to be harvested. With an average labor payroll of 90c per crate, we arrive at a total loss of \$4.1 million in labor alone for the Glades within the next 30 to 45 days. This does not take into consideration the loss of the farmer in abandoning his crops.

If the average sale price of these 4.6 million crates at the terminal market is \$3.25 (a small enough estimate) then Mr.

Wirtz is throwing out the window some \$14,000,000 in spring vegetables.

Such arbitrary action on the part of YOUR GOVERNMENT will MAKE a lot of democrats — make them something else.

I have heard about such things and thought "It can't happen here."

Brown Farm-State Rd. 80 Get Safety Guard Rails

By Emmett Roberts Representative

Whiskey price fixing held the spotlight over the weekend as both Senate and House temperance committees passed this legislation and placed bills on the calendar. The public responded strongly in opposition and this legislation is now dead. I have consistently opposed this legislation since 1955 as contrary to the principles of free enterprise.

In response to recent newspaper stories regarding sub-subsistence in the Glades area I am introducing a joint resolution to have the Legislative Council's committee on agriculture study this program and report to the 1966 legislative session.

Our agricultural research people as well as the citizens of the Glades have been aware of this situation for many years with some difference of opinion as to its effect on our future economy. I

feel this study will assure all investors that proper attention will be given to any problem existing.

I have held a conference with Mr. Ney Landrum, Director of our outdoor recreational projects relative to assisting in starting on our plan to improve recreational purposes. Mr. Landrum will be in Belle Glade about the middle of May to meet with the Chamber of Commerce Port Committee and other local officials. The bond issue on recreational equipment is still in litigation and no funds have or can be released to any project. Mr. Landrum advises me that a small amount of funds is available to undertake improving present facilities. I feel we can get him to approve a start on providing additional camping areas for the islands.

Webster-Smith Engagement Announced

MISS GAIL ANNE SMITH

The engagement of Miss Gail Anne Smith to James Wayne Webster is announced by her parents, Mr. and Mrs. G. W. Smith of Digby, Nova Scotia, Canada.

Miss Smith, formerly of Digby, is a graduate of Bridgewater High School, Bridgewater, Nova Scotia. She was graduated from Hotel Dieu School of Nursing, Hotel Dieu Hospital, Chatham, New Brunswick, Canada. She is presently an RN at Glades General Hospital, Belle Glade and living at the nurses residence.

Mr. Webster of Fort Lauderdale, is the son of Mrs. Louise Webster of Belle Glade and the late B. T. Webster. A graduate of Belle Glade High School in 1958 he received his B. S. degree from Florida State University, Tallahassee in 1962, and is presently employed by General Adjustment Bureau, Fort Lauderdale.

An August 31 wedding at Digby is planned by the couple.

Woman's Club To Install Officers

May 6 At Holiday Inn

The Belle Glade Woman's Club will hold its installation luncheon on May 6, 1965 at 1 p. m. at the Holiday Inn.

Mrs. Vincent Weir, District 10 director will install the new officers.

Watson B. Duncan, III, Director of the Communications Department of Palm Beach Junior College will be the guest speaker.

Newly elected officers of the Junior Woman's Club will be guests of the outgoing officers of the Senior Woman's Club.

Ron Halbrook Is Home

After Surgery On Nose

Ron Halbrook came home Tuesday afternoon from Tampa, where he was released from the hospital following surgery on Saturday. He fractured his nose playing ball and also had a former injury to his nose.

Ron is recuperating at home this week before leaving for Alabama where he has a job for a short time. Later on he will go to Chicago for three weeks, and then take over a radio program each day at Athens, Ga.

High School Art Show Tuesday PM

Tuesday, May 4 from 7 to 10 p. m. the annual Belle Glade High School Art Show will be held in the school gym.

"The American Artist and his Art" is the theme of this year's art work.

Outstanding work will be on exhibit in several fields of creative art. From Early American Indian art, classes have progressed to the type of modern art work today. A study of American art has followed with techniques studied in class.

A wide variety of art ideas have been presented the class by Mrs. Margaret Earwood, art teacher, and she hopes every one will find it worthwhile to visit the show next Tuesday night and view the accomplishments of the students this year.

Kitchen Shower Given Miss Gloria Smith

A kitchen shower for Miss Gloria Smith, whose marriage to Ronald Hudspeth, will take place May 1, was given in Tallahassee recently by Mrs. Thayer M. Marts and Mrs. David Wieteska.

The invited guests were 30 college friends. Many useful gifts were received by the honoree.

Belle Glade

Married In Double Ring Ceremony

MR. AND MRS. REYNOLDS TOSADO

Miss Bethesda Ramos, daughter of Mr. and Mrs. Elias Ramos, 317 S. W. 3rd St., Belle Glade became the bride of Reynolds Tosado, son of Mr. Juan Antonio Tosado and Mrs. Aurora Soto of Camaguey, Puerto Rico at the Community Clubhouse, McDonald Park on Saturday, April 24.

The double ring ceremony was performed by Rev. Robert Rodgers in a setting of palms and white gladioli. Miss Esther Rodgers, pianist played traditional wedding music.

Given in marriage by her father, the bride wore a white satin floor length gown with portrait neckline and elbow length sleeves. The skirt was fashioned in a bell-shaped style. A crown of tear drop pearls held the bride's veil of French illusion, and she carried a cascade bouquet of white sweet heart roses and carnations.

Mrs. Carmel Canales was matron of honor in a two piece pink brocade dress with matching accessories and a pink carnation corsage. Lydia Ramos, flower girl wore a blue silk dress and carried a basket of roses.

Jose Canales served as best man and Jose Ramos, brother of the bride was usher. Harry Ramos, cousin of the bride was ringbearer.

Assisting at the reception following at the home of the bride 317 S. W. 3rd St., were Mrs. Robert Rodgers, Mrs. Gloria Ramos and Mariela Guadalupe.

The bride's mother wore an Aquia blue sheath dress with matching accessories and a white carnation corsage. The bride's mother was seated in a blue and white sheath dress and white carnation corsage.

Bride Bingo was played and prizes were awarded to Miss Jane Kirchman, Mrs. S. K. Smith Sr., Miss Pat Anderson and Mrs. James Chamblee.

The table overlaid with a gold cloth was beautifully decorated with crystal and silver, and a center arrangement of pink sweetheart roses and baby breath in a white and green swan container. The crystal punch bowl, was an heirloom imported from Germany belonging to the bride-elect's grandmother, Mrs. S. K. Smith Sr. Punch, charlotte russe with whipped cream, toasted almonds and mints were served.

Miss Smith was presented an emerald corsage from the collection of Milton Carpenter, and a lovely gift from the hostesses in addition to the many others which she opened and displayed.

Present for the occasion were Mrs. Darryl Wood, Tallahassee, Miss Bonnie Lou Lair, Pahokee, Miss Pat Anderson, Mrs. Jon Mann, Mrs. Mary Mathewson, Miss Jane Kirchman, Mrs. Gordon Corbin, Mrs. Philip Dulany, Mrs. Billy Cowart, Mrs. James Chamblee, Miss Barbara Wolf, Mrs. George Hudspeth, Miss Jo Ellen Hudspeth, Mrs. John Dulany, Mrs. S. K. Smith Jr., Mrs. S. K. Smith Sr., Miss Kathryn Smith, and Miss Ann Smith.

Sorority Observes Founder's Day

Installs Officers

The lovely home of Mrs. Harold Gilbert was the scene of the Founder's Day Banquet of the Beta Xi Chapter of Beta Sigma Phi and installation of Officers for the coming year.

The tables were decorated with black bows of yellow chrysanthemums, carrying out the sorority colors.

The opening ritual was given by Mrs. Doreen Jones and the National Anthem was led by Mrs. Terry Miller. The welcome was given by Mrs. Ronald Cameron and pledge by Mrs. Davis Kitchingler. The Founder's message from Mr. Ross was given by Mrs. A. S. Sanchez.

Mrs. Ronald Cameron presided during the business meeting. Mrs. Bob Davis was the installing officer. Installed were President, Mrs. Harold Gilbert; Vice President, Mrs. James Dooley; Treasurer, Mrs. Douglas Lee; Recording Sec., Mrs. John Gregory; corres., Mrs. Carl Waggoner.

A lovely silver corsage was presented to Mrs. Harold Gilbert, Girl of the Year, by Mrs. Davis Kitchingler, who won the title last year.

Others present were Mrs. Alvaro Sanchez, Mrs. Louis Guevara, Mrs. Gerald McKee, Mrs. William Miller, Mrs. Terry Miller and Mrs. Alfred Weber.

Smith-Hudspeth Wedding May 1

The marriage of Miss Gloria Miriam Smith, daughter of Mr. and Mrs. Sydney Kittrell Smith, Jr., to Ronald Wade Hudspeth, son of Mr. and Mrs. George Smith, will be an event of this Saturday night, May 1, 8 o'clock at Community Methodist Church.

All friends of the bride couple are cordially invited to attend the wedding, and the reception which will be held immediately following the marriage ceremony, in the Church Parlor.

Mrs. Thelma Stevens was an overnight guest on Wednesday of her son and family, the Albert Stevens, in Lake Wales, Fla. She plans to stay two weeks and be with her father most of the time as he is 90 years of age.

Mrs. Sera Smith returned Tuesday from a 10 day trip to Tallahassee, Fla., where she visited her brother, John S. Matthews, and family. She also was in Lafayette, Ind., and visited associates of her late husband Glenn Smith in the Botany and Plant Pathology Dept. at Purdue University.

Four Generations Represented At Shower Feting Bride-To-Be

One of the most delightful and unique bride showers held during the spring season was given last Thursday night complimenting Miss Gloria Miriam Smith, whose marriage to Ronald Hudspeth will be an event of May 1.

Since Miss Smith began her teaching career this week, the theme of the shower "School" was most appropriate for the occasion.

The setting for the shower was the Ladies Parlor of Community Methodist Church and as guests entered through an archway, a sign over the door read "Smith Elementary School". The registration for the shower was the Bride's Book, kept by Miss Margaret West.

Guests were greeted under a canopy of Bridal illusion veiling with cutouts of children pinned on it, also little cutouts figures representing the school officials in the receiving line.

Wearing orchid corsages presented by Mrs. Helen Burr were Mrs. Teacher, the bride-elect, Gloria Miriam Smith; Principal, Mrs. Sydney K. Smith Jr., mother of the bride-elect; Assistant Principal, Mrs. George Hudspeth, mother of the bridegroom-elect; Supervisor, Mrs. John Dulany, maternal grandmother of the bride-elect; County Supervisor, Mrs. Calvin Smith, paternal grandmother of the bride to be. Four generations of the honoree were represented on the maternal side.

Points of interest, enjoyed by the guests included the Music Room. The wall above the piano was decorated with miniature shrubs by the guests including the Music Room. The wall above the piano was decorated with miniature shrubs by the guests including the Music Room.

Music during the evening was played by Mrs. Walter Bailey and Mrs. Vince Marquest. Mrs. Marquest also sang several selections.

In the Art Room, family photographs were grouped on the table to depict an art show with the bride-elect and groom-elect's pictures winning the blue ribbon. In the library, there was an invitation inviting shower guests to the wedding on May 1.

Belle Glade Personal Notes

Mrs. Jane Evans and son, John Brown Evans, were the guests this past weekend of her father J. L. Brown, Sr., at Ashburn, Ga. They also visited at Tifton, Ga., where John Brown is planning to stay.

Mickey McKee and Wayne Roman left Saturday for Walt Whitman Springs, West Virginia. Both boys will be working all summer at the Greenbrier Hotel.

Mrs. W. J. Rawls, was able to be taken home last Saturday from Glades General Hospital where she has been a patient for many weeks. Mr. Rawls still remains at the hospital for special care, although he has shown considerable improvement and was well enough to be with the family on Easter.

Mrs. Ernestine Herring was the weekend guest of her sister, Mrs. Lee Berryhill, and daughter, Mrs. Mildred Hanes, who were in Belle Glade after a three weeks visit with her in Bartow.

Guests last week of Mr. and Mrs. C. W. McDonald were Mr. and Mrs. Mabel Brewer and his cousins, Mr. Al Fuller and Mrs. Grace Alford from Inverness, Fla. Visiting during the weekend were their son and daughter-in-law, Mr. and Mrs. Harry McDonald, and baby daughter, Lisa from West Palm Beach.

Mrs. Thelma Stevens was an overnight guest on Wednesday of her son and family, the Albert Stevens, in Lake Wales, Fla. She plans to stay two weeks and be with her father most of the time as he is 90 years of age.

Mrs. Sera Smith returned Tuesday from a 10 day trip to Tallahassee, Fla., where she visited her brother, John S. Matthews, and family. She also was in Lafayette, Ind., and visited associates of her late husband Glenn Smith in the Botany and Plant Pathology Dept. at Purdue University.

Mrs. Schlechter Reelected To Head Palm-Lake W. M. U.

The Palm-Lake Woman's Missionary Union met Thursday night for its first Baptist Church, Belle Glade. Rev. Luther A. Key, pastor gave the welcome address. The call to prayer was given by Mrs. Janie Raines.

Rev. Wm. Boheler, director of Juvenile Rehabilitation, introduced the speaker, Mrs. Patricia Stevens, director of Florida State Welfare of Palm Beach County, who spoke on Child Welfare and Foster Homes and Care.

Mrs. J. D. McClelland of the local W. M. U. made announcements.

During the business meeting election of officers for the coming year was conducted. Electing President, Mrs. Mary Schlechter; Vice President, Mrs. John Crabtree; Secretary and Treasurer, Mrs. Charles Cato; G. A. Director, Mrs. W. L. Hass; Sunbeams, Mrs. J. J. Cator.

Several skits were put on for the promotion of The Annual WMU Meeting in Dallas, Texas May 31-June 1 and Baptist World Alliance, Miami Beach, June 25-30. Also W. M. U. Week in Glorieta, New Mexico and W. M. U. Week August 12-18 in Ridgely, N. C.

Luncheon was held following by conferences.

Approximately 75 were present.

Lutheran Women Attend Rally

On Sunday, April 25th, the Lutheran Women's Missionary League of St. Peter's Lutheran Church attended the Spring Rally of the LWML at Faith Lutheran Church, North Palm Beach.

The theme of the Rally was "So Live in Him." After the business meeting, a Bible study on the Epistle to the Colossians was conducted by the Reverend Wyatt Kimberley of Our Saviour Lutheran Church in Lake Worth.

A banquet was prepared by the LWML of Faith Church during which time a skit was performed by the Ladies entitled "The Mite Boxes." After group singing a solo was heard, and this was followed by a choral group.

At the Vesper Service, the newly elected officers were installed and the sermon message was based on Colossians 1:9, delivered by Reverend R. Y. Roseman, pastor of St. Peter's Lutheran Church in Belle Glade. The Rally closed with the ladies singing "Abide With Me" at the lighted cross outside the Church.

Ladies attending from St. Peter's Lutheran Church were: Mrs. Eva Crockett, Mrs. Eva Kruse, Mrs. Kathryn Pulewider, Mrs. Greta Deal, Mrs. Sayde Duda and Mrs. Loretta Roseman.

Teachers For Lutheran Kindergarten

Mrs. Dorothy Fuller

Mrs. Dorothy Fuller and Mrs. Loretta Roseman will be the teachers for the Kindergarten of St. Peter's Lutheran Church in Belle Glade for the 1963-1964 term, which will commence on August 30, 1963.

Mrs. Fuller is the wife of Mr. Stuart Fuller of the Fuller Construction Company in Belle Glade. She is the mother of three boys Stuart (Skip), an Airman Third Class, stationed at Hunter Air Force Base, in Savannah, Georgia; Billy, a senior at Belle Glade High School; and Noel, a fourth grader at Gove Elementary School.

Mrs. Fuller was born in Columbus, Georgia, and has resided in Belle Glade for three years. She is active in the Lutheran Church, being a member of the Ladies Aid and LWML, and a teacher in the Sunday School Department. The Fullers live at 832 S. E. 3rd Street.

She has been active in scout work for many years, presently being the den mother of Cub Scout Pack 622, Den 2.

Mrs. Roseman is the wife of Reverend Richard Roseman, pastor of St. Peter's Lutheran Church. She is a native of West Point, Nebraska, and has lived in Belle Glade for ten months. She is a member of the Ladies Aid and YWML, and a counselor for the Waltham League, the Lutheran young people's society. She is a substitute teacher in the Sunday School.

Ministerial Assn. Daily Devotion Schedule For May

Ministers of Belle Glade Ministerial Association participating in The Daily Devotions over WSWB during the month of May, have this schedule.

Rev. R. Y. Roseman, St. Peter's Lutheran Church, Monday, 3 through Friday 7.

Rev. M. W. Sindie, Church of God, Monday, May 10 thru Friday, May 14.

Rev. O. R. Smith, Church of the Nazarene, Monday, 17 through Friday, May 21.

Rev. J. P. Vondracek, Everglades Presbyterian Church, Monday, May 24 through Friday, May 28.

Mrs. Loretta Roseman

er in the Sunday school department. The Rosemans live at 632 S. E. 3rd Street.

Mrs. Fuller and Mrs. Roseman have met all the requirements for Kindergarten teachers in the state of Florida and in the Lutheran Church, Missouri Synod, of the Florida-Georgia District. They currently are observing Kindergarten classes of other churches. They are in the process of ordering and studying materials to be used in the Kindergarten next year.

Mrs. Fuller and Mrs. Roseman will be on hand at the Pre-Registration Kindergarten sessions to answer any questions the parents of the students might have. Pre-Registration for the Kindergarten term will be from 8:30 to 11:30 a. m. on Tuesday, May 11th and 2 to 5 p. m. on Wednesday, May 12th.

More than 3,840,000 persons sustained injuries in automobile accidents last year. Driver error and lack of judgment were responsible for more than 85 percent of the highway casualties in 1964.

A Thought From The Bible

Those Who Trust Christ
Need Not Fear Death

By Lewis Llewellyn

"Watch, therefore, for ye know not what hour your Lord doth come. But know this, that if the godman of the house had known in what watch the thief would come, he would have watched and would not have suffered his house to be broken up."

"Therefore be ye also ready, for in such an hour as ye think not the Son of Man cometh."

When Jesus left His disciples, after His resurrection, to go to His home above, the message was given to men by angels that He would come again.

This was in accord with the message that Christ had, on many occasions, spoken to His people. Always He told them to be ready for His return.

"What will be the signs of our coming again?" asked the disciples.

SIGNS OF THE TIMES

Jesus answered that one of the signs would be a turning away from God on the part of the people of the world.

A disregard of eternal values seems to characterize many people, these days.

The recent "Foul Speech Movement" on a university campus is one example of the trend of the times. Obscene motion pictures, magazines, and paperbacks — which would not have been tolerated in this land in an earlier era — are another indication of lowered moral standards.

But the tendency to be pre-occupied with illicit sex has extended even to some churches and other institutions which call themselves Christian while denying the very principles for which Christ lived and died.

Professors of church-related colleges have, in some cases, stated that the Biblical standard of proper conduct between the sexes is outdated and should be abandoned.

In a church in Greenwich Village, New York, a dance program last month included a Tony.

The First Baptist Church, 17 N. W. Avenue B, announces that registration for its Nursery and Kindergarten School. The public is invited to pre-register their four and five year olds for the fall term beginning in September, today and Friday, April 19 and 20, between the hours of 9:30 a. m. and 11:30 a. m. in the church office.

Rev. Jack Ponce, Kindergarten Director, stated that the

"The Disciplined Life" Topic Presented At W. S. C. S. Meeting

Presented At W. S. C. S. Meeting

"The Disciplined Life" was the title of the program presented by the Claromonte Circle at the General meeting of the Woman's Society of Christian Service of Community Methodist Church, on Tuesday morning.

It was pointed out that we are disciplined from without and within, and to achieve spiritual discipline and live a better life requires much inner self-discipline. Mrs. F. C. Schoenfeld was in charge of the program, assisted by Mrs. Tavis Hughes.

Mrs. Robert Bussey, Mrs. E. H. L. Royals.

During the business meeting a special report was heard from

Sermon Topics

FIRST BAPTIST CHURCH, South Bay — A. M. "The Condemnation of Sin," P. M. "Per-ious Times." Rev. James Penn, minister.

ST. PETER'S LUTHERAN CHURCH, Sunday, May 2nd — "A Christian Kindergarten," Matthew 18:1-4, Sunday school and Bible class, 8:15 a. m., Divine worship, 10:30 a. m. Rev. R. Y. Roseman, pastor.

COMMUNITY METHODIST CHURCH — A. M. "The Christian Home," P. M. "Condition of Discipleship," Rev. W. R. Boland, minister.

More than 3,840,000 persons sustained injuries in automobile accidents last year. Driver error and lack of judgment were responsible for more than 85 percent of the highway casualties in 1964.

L. D. S. Building Fund Supper Friday, May 7

The Church of Jesus Christ of Latter Day Saints will hold their annual Building Fund Supper, Friday, May 7, 8:30 to 11:30 P. M. at the L. D. S. Chapel, 601 NE Avenue A.

Smorgasbord will be served from 8 to 8:30 p. m. Donation for adults is \$1.25, children 75c.

Last year's dinner brought acclaim from many Glade folks that they enjoyed the "best food and finest variety ever served at such an event in the Glades."

Everyone is invited.

The Woman's Society presented the Church Library with 7 books which had been purchased by special offerings during two mission studies. Four of the books deal with the subject of prayer, and 3 are about the Old Testament.

Mrs. Merv Gritten was a guest.

It was announced that there would be a change in the time of the next General Meeting in May. This meeting will be held at 8:00 o'clock in the evening, and will be an especially important meeting since it will be the pledge service and the officers for the new year will be installed.

T. A. C. U. S. Meeting Held At First Bap.

Rev. Jack Ponce, Kindergarten Director of the First Baptist Church Kindergarten, and his teachers were hosts to the Teacher's Association for Children Under Six (T. A. C. U. S.) of Palm Beach County last Saturday. Also assisting in the program were two teachers from the Woman's Club Kindergarten now meeting in the Methodist Church. Coffee and donuts were served upon arrival and then a tour through the buildings of First Baptist was given the visitors. The Kindergarten meeting was held in the Social Hall and closed with a luncheon. The Director and the teachers at First Baptist gave a report of the Kindergarten meeting attended in Avon Park a few weeks ago. Twenty-two teachers and directors attended the meeting.

Sigma Eta Art Exhibit Held At Holiday Inn Sun.

The Omicron Chapter, Sigma Eta Sorority of Fine Arts, Inc., gave their annual Spring Art Exhibit in "Arts and Treasures" Sunday afternoon, from two o'clock until five, at the Holiday Inn, in Belle Glade. This exhibit is put on each year, to foster an interest and participation in art in the Community. Members invite all local artists to join them in displaying their work for the benefit of the exhibit.

Belle Glade Has Three Graduates At U Of Florida

Three Belle Glade students were among those receiving degrees at the University of Florida, Gainesville, Monday, April 26. Commencement exercises were held in the University gymnasium at 9 a. m. William Stewart Bond was presented Bachelor of Mechanical Engineering degree; Ronald Geckler, Bachelor of Science degree and Stephanie Kaufman, Bachelor of Arts in Education.

J. Wayne Reitz, president of the University presented the "Dedication Overture" was presented by the University of Florida Symphony Band, Richard W. Reitz, conductor. Ronald Geckler, was a member of the Band.

The address was given by Lewis F. Powell, Jr., LL.M., president American Bar Association. Attending the graduation exercises from Belle Glade were Mr. and Mrs. V. A. Boots, and Craig, Mr. and Mrs. William Geckler and Mr. and Mrs. Jack Kaufman, Farrell and Chip.

Elks Dance (Continued From Page 1A)

Jim Graham, Chaplain; Leon Boykin, Inner Guard; Bob Fiehrs, Tyler; Billy R. Jackson, Organist; H. V. Davis, Secretary; August Kirshman, treasurer. Super starts at 7 o'clock and dancing will begin at 9:30 to music of the Vic LaSala orchestra.

Young drivers, those under 25 years of age, continue to have the worst driving record. In 1964 they were involved in 29 percent of the accidents that resulted in 48,000 traffic deaths while accounting for only 15 percent of the driving population.

Between the time of discovery in a research laboratory and the time when a drug finally is marketed, the average period has been five to six years.

Contract Awarded For Final 150 Mile On Gulf Waterway

U. S. Army Engineers, Jacksonville, have awarded a \$1,194,045 contract for dredging the final stretch of the 150-mile Gulf Intracoastal Waterway which extends from the Caloosa hatchee River near Fort Myers to the Anclote River near Tarpon Springs.

The 5.5-mile segment of Florida's west coast waterway will stretch generally from Roberts Bay on the north to Lemon Bay on the south. Location of the waterway route will be as much as 1 1/2 miles inland, Colonel Parfitt said.

The land cut will involve excavations up to nearly 300 feet wide in order to provide a bottom width of 100 feet and a water depth of 9 feet. Upon completion of this contract the entire length of the waterway will either be finished or under contract.

Norfolk Dredging Company of Norfolk, Va., low bidders on the contract, will have 640 calendar days to complete the job.

Ghost Town's (Continued From Page 1A)

No knowledgeable outlier in the Glades takes seriously the "hula-belle" of the out of town paper which has made big headlines about Ghost-Town within a short span.

The same engineers who made the official studies for the Soils Department, T.D.A., and wrote the original report also pointed out remedial and preventative action, which is the general plan of the Glades.

"It's an effort to move folks from the Glades to the east coast, including the National Park, to have more fresh water for our visiting friends of the Glades as well as the ducks and alligators of the Park," says Carmen Salvatore of Pahokee. Mr. Salvatore is a farmer of near half a century residence in the Glades.

Brown Farm (Continued From Page 1A)

Mr. Jay Brown, the State Road Engineer, and Mr. Dan Turnbull, Safety Engineer, visited the Glades area last Thursday and made a survey as to which places safety guard rails will be erected. The first protective devices will be between 6 mile bend and 20 mile bend on State Road 80, on State Road 700 to 20 mile bend north, and some areas on the Brown Farm Road. These are specific points that an immediate start will be made.

Billy Bry, a quarter of a century farmer-resident of the Glades, in vegetables, sugar and cattle says: "Sure, there must be some oxidation when lands are not properly handled in water control and use of cover crops, I plant rice as a cover crop and turn it into others plant sorghum, and flood their lands during off seasons. There would be more of this, but it is the general practice when the operator owns the lands he farms, which is the case with most farmers now."

Mrs. Homer Hand (Continued From Page 1A)

the same time to the commission requesting the appointment of Mrs. Hand, which was given a unanimous vote of the board.

Mrs. Hand is the former Dolly Rutledge, a long time resident of Belle Glade, who received a degree in law at Stetson University in 1949, and is a member of the Florida Bar.

Mrs. Hand will serve with Mrs. Mary Orensen, board chairman, James A. Bull, Mrs. Richard Shoemaker, Mrs. Theron Casselman, Mrs. Curtis Thompson, Mrs. Herman Cline.

Mrs. LaChance has served five years with the seven-member board.

George McDonald Sets New Record For BGH School

George McDonald set a new record for Belle Glade High School, by winning the 440 yard dash, in the Suncoast Conference Track meet, time limit of 51.9 seconds. "This is the first time in five years that our school has had an individual winner in any of the 15 events, which is quite an honor, and we are very proud of George," stated Coach Davis. Ten schools participated in this event.

Belle Glade's 880 Relay Team led for 5th place in the conference. Members of the team are: John Henderson, Tony Lator, Tommy Woods and Bill Miller. Belle Glade High School will be entering the Group Track Meet at Ft. Lauderdale, Friday, which is a part of the State Tournament. This is Group 9.

Paddle Queen

(Continued From Page 1A)
Announcement was made of the Annual Lions Club Barbecue to be held Saturday, May 8, 1965 at the High School Cafeteria. Serving will be from 5 to 8 p. m.

Lion members will entertain their wives on Annual Ladies Night with a tip aboard the Paddle Wheel Club, Saturday, May 15, when the group will enjoy an inland waterway cruise. The Lion of the year will be announced during the evening.

\$300 Million (Continued From Page 1A)

two-third of 1 cent will actually be spent on the bond supported program.

The revenue bonds would mature over a 20-year period, as they would be sold in four installments.

The Governor points out that the legislature must okay the constitutional amendment by a three-fourths vote, and then be submitted to the voters. He proposes to call a special election in November of 1965, allowing the work to commence on January 1st of '66.

Mrs. Wedgworth (Continued From Page 1A)

The bond money will pay for all construction and 50 percent of the cost of right-of-way; the county pays the other 50 percent, with that 50 percent eventually returned to them.

Of the total mileage of 1,207.85 miles will be in multi-lane connecting links leading to down-town business areas.

The Governor doesn't doubt the practically ability to get the work done within the time limit — four years — as he points out that there are 325 building contractors qualified and now doing business with the Road Department, operating at about 50 percent capacity.

"We are fortunate in having an abundance of competent, experienced engineering personnel, many of whom are recognized throughout the nation as superior in their profession," he says.

Where does Palm Beach County stand?

MEMBER EXHIBITORS OF THE Omicron Chapter of Sigma-Eta Sorority of Fine Arts, Inc.

were on hand to welcome the hundreds of visitors to the Sunday afternoon showing at Holiday Inn, Belle Glade. Many of the pieces were on exhibit at the Florida National Bank, previous to the Sunday showing.

From 1 to 5: Mrs. Gladys Kane, Mrs. Gerry Lottis, Mrs. Pauline H. Boydston, Mrs. Marie King, Mrs. Mary Anderson, Mrs. Luther Jones, Mrs. Eda Barrett and Mrs. Edrye Burdine, President.

Visitors to the art show

marveled at the number of Glades folks who actually paint and at the quality of the renderings.

Track Meet-Class A. 12 schools will be participating in the Preliminary Event, which begins at 3:00 p. m. Friday, with the finals at 8:00 p. m. Friday. This is in conjunction with group T-Double A Meet, Lockhart Stadium, Ft. Lauderdale.

Some of the events and the participants are as follows: MILE RELAY — Steve Halbrook, Tommy Woods, Ronnie Ratliff, and George McDonald. POLE VAULTING — Eddie Jimmerson, DISCUS — Eddie Haines, BROAD JUMP — Tommy Wood and George McDonald; HIGH JUMP — Bob Davis and Bill Miller; SHOT PUT — Eddie Haines. Alternates will be Steve Kirshman and Ronnie Querry. For the 10 YARD DASH — Tommy Woods and Bill Miller; MILE RUN — Jackie Poole; 880 YARD RELAY — Ronnie Ratliff, John Henderson, Bill Miller and Tommy Woods; 440 YARD RUN — George McDonald and Johnny Williams; 180 YARD HURDLE — Steve Halbrook; 880 YARD RUN — Mike Wilson and Jose Ortiz; SPRINT MEDLEY RELAY — Ronnie Ratliff, Jackie Poole, Bill Miller and John Henderson.

Lewis F. Powell Jr., left, president of the American Bar Association from Richmond, Va. and Mrs. Ruth Springer Wedgworth of Belle Glade were given honorary degrees by University of Florida President J. Wayne Reitz today April 26 as a highlight of the annual commencement convocation on campus. Powell gave the featured address to the graduating class of more than 3,600 students, including 1,469 from the recently concluded winter trimester.

Mrs. Wedgworth (Continued From Page 1A)

Mrs. Wedgworth knew the Glades first as the wife and collaborator of her scientist-husband, Herman H. at the Everglades Experiment Station; then as a constant advisor and helper when the two applied their scientific knowledge towards a commercial production of celery on a half section (Sec. 9) of burned raw swaggrass, with their modest home on the farm, among the first in the Glades.

George, Helen Jean and Barbara came along to high school age along with the expansion of the celery "patch" to a section of land at Nine-Mile-Bend.

Meanwhile, the Wedgworths' approach to modern agricultural production and selling led to a packinghouse, a pre-cooler and a punker-tie production, with a fertilizer house following close.

Mrs. Wedgworth's off-time between celery, beans, cabbage and potatoes, the rearing of the three children and intense activity in the family farm, led her to a more than normal activity on the church, and in PTA.

Mrs. Wedgworth was picked as a member of an all-state group to study Florida schools. The Minimum Foundation Program was recommended by this group to the Legislature.

Election to our own County School Board resulted in Glades

A Happy Day For Mrs. Ruth Wedgworth

Lewis F. Powell Jr., left, president of the American Bar Association from Richmond, Va. and Mrs. Ruth Springer Wedgworth of Belle Glade were given honorary degrees by University of Florida President J. Wayne Reitz today April 26 as a highlight of the annual commencement convocation on campus. Powell gave the featured address to the graduating class of more than 3,600 students, including 1,469 from the recently concluded winter trimester.

schools being recognized for improvements.

The Progressive Farmer selected Ruth Wedgworth as Woman of the Year in Service to Florida Agriculture; she is included in Who's Who among American Women.

This transplanted Michigander to a full-fledged Glades Floridian, as a Mother, a daily advisor and helper to her husband's successful transition from a research scientist to that of a commercial grower, as a community force, a proponent of Religion, an educator, a humanitarian, a philanthropist, and a successful beef producer, has now been recognized by the University of Florida with the honorary degree of Doctor of Laws.

It is a great satisfaction that George and Peggy, Joe Tom, Helen and their two boys Wayne and Bruce, as well as Barbara (Mrs. Oetzman) were present to witness the presentation.

Ralph Kidder and his wife (Mrs. Wedgworth's sister Neva) represented the Everglades Experiment Station at the ceremonies.

Monday morning at the Holiday Inn in Gainesville, when Mrs. E. T. York honored Mrs. Wedgworth at a breakfast. The engraved Citation, in addition to the Diploma, given largest vegetable, cattle and sugar cane farms — first to pre-cool vegetables and the first to establish improved pastures in the Glades — served as a member of Governor Collins' Committee on Migrant Workers — only woman to serve as president of the Florida Horticultural Society — one of Florida's distinguished women, Ruth Springer Wedgworth for the honor degree of Doctor of Laws."

Desegregation Causes Building Review

(Continued From Page 1)
transferred to nearby desegregated schools.
A revision of building improvement plans which had been proposed for the "pocket schools" will also save an estimated half-million dollars, it has been announced.

In searching for definite lines of division of the several schools in the southeast and southern rim of Lake Okechobee, THE HERALD found an attitude of optimistic acceptance with cooperative work and suggestions by school faculties.
Parents of pupils in grades 1 to 6 which are immediately affected in several schools accept the provisions of the Act with a particular optimistic view for successful operation.
There is praise for the work done by the County School Board and school officials for the final zoning in the rate of physical conditions.
We offer the following for the benefit of the public:
There shall be a unitary educational system which shall be operated without regard to race, color, religion or national origin.

When new attendance areas have been established and approved by the Board of Education, the parents and/or guardians of all the children will be informed in writing of the school or schools in which their children belong.
REASSIGNMENTS
1. A parent who prefers another school may request a reassignment of the pupil. The only factors which shall be considered in granting such requests are:
1. A letter from a physician stating valid medical reasons for the child being in a particular school.
2. Reasons submitted by parents that show a case of hardship. However, a request for a reassignment based on desegregation or segregation of either the present or requested school shall not be considered a hardship.
3. A student's inability to continue his existing program of studies due to the redrawing of attendance areas. In such cases a reassignment for the duration of the program will be granted if the receiving school is able to accommodate him.
Transportation
1. School bus transportation shall be based upon serving the school attendance areas without regard to race, color, religion or national origin.
2. A pupil attending a school outside of his attendance area will not be entitled to receive free transportation.
PERSONNEL ASSIGNMENT
Assignment of personnel at all levels and to all positions shall be without regard to race, color, religion or national origin.
1. Notice to pupils and parents of change in school attendance areas.
a. Beginning May 1, 1965, and once a week for three successive weeks, the announcement of attendance areas shall be published in eleven or more newspapers having a general circulation throughout Palm Beach County.
Instructional Personnel
Beginning June 14, 1965, all personnel are to be assigned to the summer enrichment and summer school programs without regard to race, color, religion or national origin.
Beginning with the 1965-66 school year, all personnel will be assigned without regard to race, color, religion or national origin. This policy also applies to substitute teacher roles and administrative staff.
Prior Steps Toward Desegregation
Junior College students have been desegregated since 1961. (Beginning with the 1965-66 school year, there will be only one Junior College with desegregated faculty and students.)
Implementing Regulations
Desegregate grades one through six by unitary attendance zones beginning with 1965-66 school year.
Grade TEN will be desegregated by unitary attendance zones beginning with 1966-67 school year.
Beginning with the 1967-68 school year, grade ELEVEN will be desegregated by unitary attendance zones.
Desegregation will be complete beginning September 1968 with the TWELFTH GRADE.
(See Page 1C For Map Of Belle Glade Boundary Lines)

Numbers NOT circled are segregated grades. Circled numbers ARE desegregated grades. Solid lines indicate entering segregated grades. Broken lines indicate entering desegregated grades.

—OBITUARIES—
Rites for Finney infant, who died following birth at Everglades Memorial Hospital, Pahokee, April 26th, was held in the Chapel of Taylor Funeral Home, Tuesday morning, at 10:00 o'clock, with interment in Port Mayaca Cemetery Rev. J. K. Adams conducted the service. The child is survived by the parents, Lindburgh and Del-

la Mae Finney, natives of Mobile, Alabama.
Wayman Bailey, died April 27th, at the Glades General Hospital, following a brief illness. He was born in Bensenville, Ill. May 23, 1940 and at the time of his death, was a resident of Clewiston, Florida.
He is survived by his wife, Addie Sue Bailey; his parents, James and Flora Mae Bailey.

Map of City of South Bay
The map shows the city limits of South Bay, Florida. It includes a grid of streets and a scale of feet. The map is divided into several numbered zones. Some zones are circled, indicating they are NOT desegregated. Solid lines indicate entering segregated grades, and broken lines indicate entering desegregated grades. The map shows a grid-like pattern of streets and zones.

Spring Veg. Harvest Features Corn & Celery

With 68 percent of Florida's spring celery being grown in the Glades and a figure of 4,400 acres (100 acres less than last year) the harvest is reaching its peak average daily movement, and unless circumstances, not now in the picture, change, this leafy item will be moving from the Glades until the early part of June.
A total of near 6-7,000 cars peak will average more than a short time for the season is anticipated, normal, and a few days follow. Zella's is still planting sweet corn, with shipments coming in the season's harvest more coming from Pompano and south Dade. Sweet corn will reach its peak then is normal. This is due to weather conditions May 15-20, as is usual, time which allowed practically the spring crop for processing the days preceding this all farmers to replant within six canners.

Patonettes First At Fiesta Tropical In Hollywood

Pat Anderson recently accompanied her baton students to an N. B. T. A. Contest in Hollywood. The Patonettes placed first in Senior advanced Core. Competition. Others competing in solos and placing were: Standing left to right: Mary Helen Fontaine-1st place Fancy Strut, 2nd place twirl; Vicki Grindstaff, 1st place twirl, 2nd place strut; Sandy Winterwood, 2nd place twirl, 2nd place strut; Ivy Lou Barrett, Captain of Patets, Jr. advanced team placed 2nd; Kathy Smith, 3rd place twirl, Middle row-l-r, Donna Kay Connell, 1st place twirl, 2nd place strut; Carol Williams, Capt. of Patonettes, 1st place Sr. Advanced Core, Jackie Baughman, 1st place Twirl former contest, 2nd place twirl, 2nd place strut. Front row, l-r, Carol Williams, 2nd place twirl, Jennie Smith, 1st place in Strut; Kathy Ballard, 1st place Twirl.
Accompanying the Belle Glade group were some of Pat's students from West Palm Beach, The Palm Beach Debutantes, placed first in their division in Team competition. The Palm Beach Specialties also placed first in Team Competition. Palm Beach place 1st in Military Marching. Nancy Vorpe placed 1st in Strut and Marsha Hitchcock placed first in strut. Joanne Jandowski from Vero Beach another student of Pat's also placed 1st in twirl.

4-H Club News

THE BELLE GLADE RAM-ETTES 4-H Club met Tuesday, April 27 at the home of Mrs. R. H. Lewis with 6 members and 1 visitor present.
The girls have been working on project books for the past two weeks, to be turned in May 1. Everyone is hoping for a blue ribbon award.
THE BELLE GLADE GATOR 4-H Club, At the closing of the year, the Gator 4-Hers are busy doing demonstrations that they need to complete their project for the year.
Last week, Debbie Sellers gave one on "How to Make a Bed", Terry Priest, "How to Make Home-Made Ice Cream", Linda Cowart, "Banana Bread", Diane Welty, "How to Sew Crocheted Squares to Make an Afghan".
This week, Alice Lamb gave an illustration talk on "How to Make a Laundry Bag", Sharon Moore, "How to Sew on Hooks and Eyes", Melinda Chancy gave three demonstrations on "How to Cut Tea Sandwiches, Embroidery set stitch, cut-up celery".
The completed project books must be turned into Mrs. Sellers, leader by May 1.
The County 4-H Camp is June 14 at Lake Placid. All girls who complete a blue award project book are eligible to go to camp.
WANT A NICE LITTLE DOG?
A valuable pedigreed small female dog two years old would like to have a good home. Anyone interested is asked to call Bob Casagrande, owner's Trailer Park, Palm Beach Rd. (Only trailer with fence around it.)
Public treasuries in the U. S. increased their spending for health and medical services from \$513 million in 1929 to nearly \$9.0 billion in 1965.

Glades Livestock Market Report

Cattle going through the ring at Monday's sale, Glades Livestock Market, numbered 724 head, for a total of \$51,584.61 32 percent of these went to slaughter, with 68 percent to stockers.

For Slaughter: Steers 28; Heifers 7; Cows 34; Bulls 9; Calves 110; Vealers 40. For Stockers: Steers 245; Heifers 13; Cows 23; Bulls 24; Calves 180.

Prices as compared to last week's sale were a little weaker on calves; Heavy slaughter calves were off 25 cents to 51 cents and light weight veal calves were off 50 cents. "Stocker steers were up about \$1.00 an, we had a good supply of good quality stocker steers," stated market manager, Pete Clemmons. All other classes of cattle were strong and steady.

Bolita Suspect Is Released On Bail

Willie Daniels, 51, of 624 S. W. Eighth Street, has been released on \$1,000 bond, following his arrest here Saturday, on suspicion of being a bolita salesman in the packing house district.

Charges were selling and possession of gambling tickets, after a pad of tickets was found under the seat of his car, according to Deputy Police Chief, D. Bill Mathis.

At the time of his arrest, Daniels had \$181.00 in his wallet, in addition to \$6.50 in his pockets, \$2.50 of which had just been collected for a number of tickets on numbers one and sixty-three, Mathis stated.

Boy Scout Activities

PACK MEETING

At the Cub Scout Pack Meeting April 23 held at Jameon Hall, the opening and flag ceremonies were given by Frankie Lovell, Reggie Caruthers and Ben Fleish of Den 6 and Bruce Well of Den 7.

Den 5 presented a skit which involved the Seminole Indians in a Green Corn Dance. The authentic dance was taught the scouts by Girl Scout Troop 264. The Indians captured Silver Beaver Thomas who was subsequently rescued by the Webelos Cavalry of Den 7. The Webelos carried guns and horses. It was all very impressive.

Advance awards were presented as follows: Pat Miner, Bear; Bruce Wells, Lion; Den 1, gold and 1 silver Arrow point; Noel Fuller, 1 gold and 1 silver arrow point; Randy Nelson, 1 silver arrow point; Richard Guzman, 1 silver arrow point.

Attendance award was won by Den 5, with Den 6, 2nd and Webelos 3rd.

Den mothers presented Dr. Frank Thomas a Silver Beaver tie tag in appreciation of his help.

Announcements were made of the Pack meeting for May 28, when a cake decorating contest will be held, plans for summer activities included a turtle hunt for boys and their fathers the latter part of June and a deep sea fishing trip the latter part of July for boys and their parents.

Den 7 of Cub Scout Pack 622 had a campout Saturday, April 24. Boys enjoying the outing were Jeff Harris, David Cooper, Pat and Ray Miner, Wayne Brown, Den 8, Capt. Baughman, Henry Puig, Donnie and Ronnie Bryan and Greg Jones. We roasted hot dogs and marshmallows around the camp fire. Lots of fun was had, playing games which included Tin Pan Alley, Dog Day, Capture the Flag, and Seal the Bacon.

Skits were also put on and included The Elephant Walk, The Man at the Store and Ball Socket.

Later we sat around the camp fire and told some stories and sang several songs. We planned what we would do in our Den for the month of May. We sang Goodnight Cub Scouts and went to bed. Boy, were we ever tired. Keeper of the Buckskin—Reporter Denny Baughman.

Wake Up America - Watch Communism!

Mr. and Mrs. Gustavo Reyes (left) Mrs. Mabel Luiz, Principal of the Gove School; Mr. and Mrs. Eduardo Montalvo, Mr. Montalvo introduced Mr. Reyes to his audience.

"Communism is 90 miles away" says Gustavo Reyes former prisoner of the unreasoned Castro!

Communism is much, much closer than that. THE HERALD believes — its right around every day: chips of it are imbedded in our everyday life in the extreme socialistic regulations, orders and mouthings, from the White House down.

We are offering Mr. Reyes' talk, given twice in Belle Glade — the first time to Rotarians, and the second Friday night at the Gove School auditorium, with mostly Cuban present.

There will be three installments!

The other day after addressing the Rotarians of Belle Glade at a luncheon, I was asked by my good friend Bill Miller to deliver a similar talk to a larger audience of this town on a Friday night. I asked him why it had to be on a Friday night. Well he said to me everybody here works very hard during week days and on Sundays they are all suffering from Saturday's hang over, so it has to be Friday night.

He tells me that you are interested mainly in hearing some thing about my personal experience with communism acquired during the 4 and one-fourth years I spent in Castro's dungeons.

During those years it is true that I was able to learn all the horrors of Communism, but a free man in this country I also learned with no less horror how misled most of the people are about the true nature and purpose of Communism.

We are being made to believe that there are two kinds of Communism: The Chinese kind which is very bad and the Russian kind which is not so bad. In reality this distinction is a gross mistake of interpretation and the most dangerous blunder the people of this country could ever make. The fact that two criminals may have a dispute does not make one good and the other bad.

The only difference between Chinese and Russian communism is one of strategy but not of purpose. The Chinese want to destroy us by force, right now, while the Russians want to do it more slowly and effectively, through a subtle combination of force and psychological subversion, which is far more intelligent and therefore much more dangerous than the more primitive Chinese method.

WHILE WE DISTRACT OUR MINDS thousands of miles away from here in Asia we forget and permit the same enemy that we are fighting there, to sneak back and establish a powerful military and political base for subversion only 90 miles away from this shore. BUT WE NOT ONLY ALLOW THIS TO HAPPEN with the greatest indifference; in addition to that, we afford protection to the enemy. Only a few days ago another anti-communist expedition sailing for Cuba was stopped south of Key West and forced to turn back, not by the Russian Navy nor by Castro's gun boats BUT BY OUR OWN U. S. NAVY.

WHAT FILLS ME WITH HORROR IS NOT THE ENEMY but our own blindness, as Senator Dodd and so many other true Americans are trying to explain: WE ARE LOSING GROUND everywhere because the people

manipulate the vast majority and, by terror, force them into slavery and silence. Within a short period of time, national culture, aspirations, independence and religion are crushed and eliminated by highly developed techniques.

The communists will tell you that their inhuman methods are justified because their sole aim is to suppress social injustice throughout the world. It is true that there are certain areas of the western world where injustice still prevails, but it is equally false that social justice can be achieved under communism or that real economic prosperity can be built upon false economic assumptions as those of Marx.

In all matters they have the studied ability to subvert the real nature of things. They will tell you that black is white and that night is day with the greatest impudence, based upon the psychological fact that a lie sufficiently repeated may become truth.

Seen as such as truth by the human mind. They will not blush when they tell you that the atrocities committed by the communists in the Congo were just the result of our attempt to save the lives of innocent people and therefore we are the monsters — not the communists who violated, killed, and ate their unfortunate victims.

The new class that rules Russia and China today knows perfectly well that to survive they must dominate the whole world, because humanity cannot be left free and half slave; and in order to do so they must destroy the United States, the sole obstacle that today stands in their path towards world domination.

But they also know perfectly well that they cannot conquer us by force. First, as Lenin advised, they conquered Eastern Europe, next the masses of Russia, then the masses of China. He said, "we shall destroy the last bastion of capitalism, the United States of America." It will fall like an overripe fruit into our hands.

We are reluctant to admit that the first two parts of Lenin's prediction have already become a reality and that we are now surrounded by the most ruthless barbarians the world has ever known.

The communists have so successfully prosecuted their world domination that they have conquered 18 countries in 45 years — one victim every 3 years! Red training for subversion has done what the Red army could not do by force, and today we contemplate with astonishment an Asiatic power firmly entrenched in the heart of the Americas only 90 miles away from our shores. I will show you how it was done in Cuba, the land where I was born.

Victim Of Shooting Remains Critical

Police are continuing their investigation of the shooting of Willie King, age 42, of 181 W. 4th Street, in Pahokee. Following an argument, the fatal shooting occurred at 189 Carver Place, at approximately 11:00 p. m. Sunday. The victim was killed three times and his condition was termed "critical" at St. Mary's Hospital, West Palm Beach.

A suspect, Henry Wilson, was released after being questioned by officers, according to Police Chief Wood. Lt. Senecal, of the Sheriff's office, stated that the investigation was being continued.

Teen Town Dance

Saturday Night

There will be a Teen Town dance Saturday night, May 1, at the Civic Center from 8 p. m. to midnight. The charge is \$5 per member with a reminder to please bring your membership card with you. The B. P. W. club is supplying chaperones. All Teen Town members please note that this is the dance originally scheduled for May 8th.

Rites Held Tuesday

For Infant Navarro

Graveside services for Orenda Maria Navarro, infant daughter of Mr. and Mrs. Julio Navarro, 219 Southwest 3rd St., were conducted at 4:30 p. m. Tuesday, April 27 at Port Mayaca Cemetery.

Father Jose L. Hernandez of St. Philip Benezi Catholic church officiated. Interment was in the family plot.

The infant passed away at Glades General Hospital Tuesday a. m., April 27. She was of the Catholic faith.

Other survivors in addition to the parents include five brothers and sisters: Rosa Maria, Elizabeth Virginia, Maria Delores, Magaly and Julio de Jesus Navarro, all of Belle Glade.

Miami Funeral Home had charge of arrangements.

Second Round

Group Tournament

The Belle Glade Golden Rams Baseball team will meet the team from Cardinal Newman of the Belle Glade Athletic Field, Thursday afternoon with game time set for 3:30. This game is a part of the tournament in the 2nd Round Group Tournament. Winner of this game will meet the winner of the Plantation-Cardinal Gibbons game, to be held on Friday. Exact location of game is yet to be announced, Coach Davis stated.

BIRTHS

April 21 — Mr. and Mrs. Dale Bryant (Clara Vandewater) of Cocoa, announce the birth of a baby daughter, Anita Ruth, weight 8 lbs. and 9 oz. Maternal grandparents are Rev. and Mrs. L. F. Vandewater, Rev. Vandewater was former pastor at Community Methodist Church here.

A study has shown there are over 45 scientists per 10,000 employees in the drug industry, highest ratio in any industry. In the chemical industry, there are 13 scientists per 10,000 employees; six in the petroleum industry, and four in the electrical industry.

Planned Water Discharge To Everglades Park By C & SF FCD

Releases of fresh water supplies into the Everglades National Park have been started from Conservation Area 3 under a new monthly schedule proposed by the Central and Southern Florida Flood Control District and now endorsed by the Army Corps of Engineers.

Robert L. Searle of Coral Gables, member of the FCD Governing Board, announced that one gate in Spillway S-12-D was cracked open Thursday, April 15 by the Corps. Releases of 10 cubic feet of water per second (4,500 gallons per minute) are now flowing into the Park.

For many months the Park — suffering from drought — has been asking for additional quantities of fresh water.

Searle said the interim schedule which has just been put into effect was proposed by the FCD Board at its December 11th meeting at South Miami City Hall. The schedule was subsequently supplied to the Park and Corps for comments.

Bill Storch, FCD Chief Engineer, told the Palm Beach-Broward Counties Recreational Development Committee Wednesday that a "non-flood discharge" schedule — with two "zones" of releases — was worked up by the FCD.

The Upper Zone is based on median flows through the Tamiami Trail into the Park during the period of record of 26 years, he said. The Lower Zone releases were figured on the basis of minimum water stages during the lowest six years of the period of record.

"It is a monthly schedule," said Storch. "Minimum releases

of 10 cubic feet per second in April will increase to 102 cubic feet per second in October," Army Engineers noted that the level of water in FCD Conservation Area 3 just north of Spillway S-12-A stood at 8 feet above mean sea level Wednesday. This was more than a foot below the desired regulatory stage.

But quantities of water released into the National Park will

Joint Installation Of PTA Officers Mon. Night May 3

The Belle Glade Elementary and Gove Elementary Schools will hold a joint PTA meeting Monday night, May 3, at 8:00 o'clock at the Gove school. At this time, officers for the school year 1965-66 will be installed.

Belle Glade Elementary officers to be installed are: Mrs. John Kinlaw, President; Mrs. Evelyn Sheahan, President-Elect; Mrs. Francis Miner, Recording Secretary; Mrs. Peggy Shoemaker, Corresponding Secretary; Mrs. David Mote, Treasurer; Mrs. JoAnne Royal, Historian.

Gove officers are: Mr. W. L. Cunningham, Jr., President; Mrs. Francis Cross, President-Elect; Mrs. Vivian Pate, Recording Secretary; Mrs. Leon Webster, Corresponding Secretary; Mrs. Ruth Thompson, Treasurer; Mrs. Mary Francis Cooper, Historian.

In addition to the installation of officers, the parents and teachers will be entertained by the chorus of the Glades Correctional Institution.

be increased when water stages rise higher in the Conservation Area, Storch said.

Seepage of water through the Tamiami Trail during the past month averaged 70 cubic feet per second — seven times the amount now being released thru Spillway S-12-D. This seepage occurred in the 20-mile stretch from near Forty Mile Bend to Levee 30 (S. R. 27) on the East.

Ways and means to provide permanent improvement to water supplies for the National Park are currently under study by the Corps, it was noted by Ed Dail, FCD Executive Director.

The Corps' study, expected to cost \$400,000, was launched in 1964 and is due to be completed in 1967. Water supplies and needs throughout a watershed of 16,000 square miles are being studied, Dail said the program may result in recommendations for additions or modifications to the FCD system.

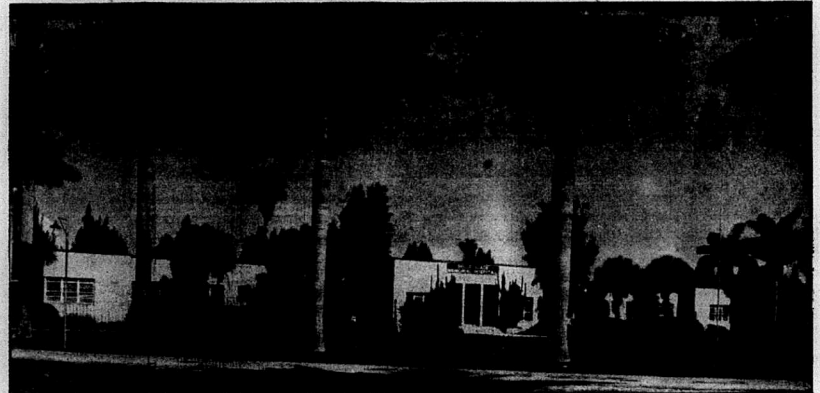

The two-county recreation committee quizzed Storch Wednesday at West Palm Beach on reasons why the Corps has been releasing water from Lake Okechobee to the Ocean and to the Gulf of Mexico instead of diverting all excess water in the Lake to the National Park.

Storch explained that the FCD has been accepting 900 cfs from the Lake, and about 250 cfs of this is getting into the Conservation Areas. But this is the maximum possible.

He noted that the canals which traverse the vast farmlands south of the Lake are not designed to make mass transfers of water southward to the Conservation Areas. Gravity discharges to the ocean would be

(Continued On Page B3)

Hospital Increases Patient Service 93 percent To Overflowing In 4 Years

In a report with figures which tell the record of the actual services the Glades General Hospital renders, Administrator E. F. Saunders states that "present plans call for occupancy of the new building and services during the month of June."

Total patient days of 21,160, equivalent to a 25 percent overload, in 1964; and the average daily number of patients of 58, of a 30 percent overload, tells the story of Belle Glade's General Hospital's growth.

The need for the new 75-bed

unit, to be ready for use sometime in June, is further indicated by the fact that the average number of daily patients, and the total patient days for '64 already equal 75 percent capacity for the new service.

A 60 percent capacity of a modern hospital is accepted as the best argument for its existence by experts.

Extension Workshop

Mounts Bldg. May 4-5

Dr. M. O. Watkins, director, Florida Agricultural Extension Service will open a workshop on program development in Home Economics at the Mounts Agricultural Center, West Palm Beach on May 4-5.

This meeting will be for agents from St. Lucie, Martin, Palm Beach, Dade, Broward counties and for agents doing Indian Extension work.

Emphasis at this workshop will be on problems in home and family living, Extension economic and sociological data relating to their individual counties. District agents will assist in the development of county program plans based on this information.

Workshops have already been held in many districts.

Miss Margo Averill Elected To Office

Miss Margo Averill daughter of Mr. and Mrs. Grant E. Averill of 615 S. E. Second Street, Belle Glade, Florida has been elected to the office of Judiciary Chairman of the Student Council of Dunbarton College of Holy Cross, Washington, D. C. She is a member of the Sophomore class at the college.

Some \$50,000,000 prescriptions were written in the United States during 1963.

Lab work, x-ray use and other complementary services show an increase in line with the figures given above.

Emergency patients have increased by 273 percent, from 1,158 for '60, to 4,104 in 1964. Operations jumped from 235 in '60 to 549 for '64.

Major procedures in '64 were 263 from a '60 record of 121.

Minor procedures increased by 112 in number from 174 in '60.

The highest number of patients in any one day in '64 jumped to 89, with halls full and a number of special service rooms used temporarily; in '60

the highest number for any one day was 35 patients.

The per diem average in '60 was \$23.63, while in '64 it dropped to \$24.55.

This figure is among the lowest for any hospital in the State of Florida.

We Can Learn

Poverty, with all its concomitants —substandard housing, inadequate educational and recreational facilities, absence of cultural opportunity, and the rest —is commonly considered a major cause of juvenile delinquency.

And there can be no doubt that environment is an important factor. But, perhaps, we tend to exaggerate its weight.

For example, most of the Chinese living in this country — even in such famous China-towns as San Francisco — live in poverty. Yet, while seven per cent of America's juveniles will be in trouble with the law this year, not one of them will be Chinese!

Paul Harvey makes this statement, in a column appearing in The Suburban & Lawrence Journal of Indianapolis.

Why is it so? He quotes one Chinese leader as saying: "We keep a tight rein on our children until they are really responsible." Another says: "Our children just naturally respect and obey their parents. A boy or girl would not bring shame on his family or his family name."

It looks as if we can learn something from the American Chinese — including those whose lives are spent in grinding poverty.

States Becoming Welfare Recipients

An Oregon state Senator, L. W. Newbury, has denounced programs which provide federal matching funds for state projects as "come-ons." He warned the state against participating in them "just to get the federal money."

These programs are largely of a welfare nature. And they seem to have an almost irresistible allure for state and local authorities. A good many people, apparently, regard the federal contributions as being free money which it would be folly to refuse. Overlooked is the fact that the federal govern-

ment can provide money to the states only by first taking it away from the people of the states. And a good share of it disappears in administrative overhead.

Worse, this dependence on federal largesse is the great destroyer of state and local responsibility. When we pass the buck to Washington, we pass our traditional rights and obligations along with it. That federal money, momentarily attractive as it may be, is bought at a staggering price.

It could double the price for advertising and get the proper status in the community from being in a higher tax bracket. They ain't nothing, said Ed, that fixes up a feller's status like letting the news get around he's in a high tax bracket.

Clem Webster was wondering why country editors hadn't thought of this idea many years ago. But Clem allowed as how the answer to many of life's big problems was so simple folks just overlooked 'em. He said it made him recollect about the feller that had been falling out of bed all his life. When he got old and it was getting hard on his bones and his roomstead, he finally went to see a doctor. This doctor solved the problem in 60 seconds. He told the old man to sleep on the floor.

Incidental, Mister Editor, all the fellers at the store was subscribers in good standing to your paper and they said they you they are mighty anxious to keep up the good relations with the editor, such as putting in the good items and leaving out the bad. Josh Clodhopper, that gits caught on in a while fer driving too fast, was special anxious fer you to follow the Golden Rule in these matters.

And speaking of the Golden Rule, I see by the papers where one of them fellers from the Internal Revenue Service was telling a sub-committee of the Congress the other day they was trying to get form 1040 so sim-fol-low that it had been falling out in 30 minutes. This feller's heart might be in the right place but his head has got stuck in a crack. Ed Doolittle says it takes him a hour just to find his old lady's Social Security card.

Yours truly,
Uncle Dan

Uncle Dan Says

Dear Mister Editor:

I see by the papers where a feller that runs a weekly newspaper in Georgia has come up with a idea that could spread all over the country and change the course of newspaper his-

BAD HERSFELD, GERMANY, (AHTNC) — Army PFC Melvin R. Lee, son of Mrs. Hilda Lee, 513 E. Del Monte Ave., Cleveland, Fla., was assigned to border patrol duty with the 14th Armored Cavalry Regiment in West Germany, April 8.

Lee will be taking part in continuous surveillance missions designed to provide immediate notification of any aggressive activities along the northern sector of the East-West German border.

The regiment uses mobile patrols, observation and listening posts and surveillance flight by Army aircraft in carrying out its responsibilities.

A tank driver in Troop I of the regiment's 84 Reconnaissance Squadron near Bad Hersfeld, Lee entered the Army in December 1963 and received basic training at Fort Gordon, Ga.

The 23-year-old soldier was graduated from Belle Glade High School in 1958.

8TH INFANTRY DIV., GERMANY (AHTNC) — Army PVT Gerald D. Nestor, son of Mrs. Myrtle D. Nestor, 225 N. E. First St., Belle Glade, Fla., was assigned to the 8th Infantry Division near Mannheim, Germany, April 10.

Nestor, a cook with Headquarters and Company A of the division's 8th Medical Battalion, entered the Army in September 1964, received basic training at Fort Gordon, Ga., and was last stationed at Fort Benning, Ga.

The 18-year-old soldier attended Pahokee (Fla.) High School.

WICHITA FALLS, TEX. —

Airman Third Class Ronald H. Bennett, son of Mrs. H. L. Bennett of 1431 N. W. 72nd Ave., West Hollywood, Fla., has been graduated from the technical training course for U. S. Air Force helicopter mechanics at Sheppard AFB, Tex.

Airman Bennett, who was trained to repair turboprop and reciprocating engine helicopters, is being assigned to a Strategic Air Command (SAC) unit at Malmstrom AFB, Mont. His unit supports the SAC mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

The airman is a graduate of McArthur High School. His father, G. C. Bennett, resides at 1029 Sacom Point Road, Pahokee, Fla.

Dwight R. Graydon, whose parents, Mr. and Mrs. Charles Johnson, live in Pahokee, Fla., was promoted to specialist five, April 14, while serving as an information specialist in Headquarters Company U. S. Army Garrison, Fort Hood, Tex.

Specialist Graydon entered the Army in November 1963 and completed basic training at Ft. Gordon, Ga.

The 24-year-old soldier was graduated from Pahokee High School in 1959.

Sgt. Ferenc F. Bag, whose wife, Ruth, lives at 1400 Northwest Avenue B, S. Belle Glade, Fla., underwent a series of Army training tests conducted by the 7th Infantry Division in Korea April 4-7.

During the tests Sergeant Bag took part in weapons firing and various tactical maneuvers as part of an annual program to determine the combat readiness of his unit.

Sergeant Bag, a squad leader in Company B, 24 Battalion of the division's 31st Infantry in Korea, entered the Army in October 1958 and served overseas on this tour of duty in September 1964.

AUSTIN, Tex. — Airman First Class Charles E. Luther, son of Mrs. Nina Shoemaker of Asheville, N. C., has been graduated from the U. S. Air Force Non-commissioned Officer Leadership School at Bergstrom AFB, Tex.

Airman Luther, who was

Planned Water Discharge

(Continued From Page B1)
 still be required even if the FCD were to pump at its stations along the south and east sides of the agricultural area, he stated.

Higher Lake stages and reduced discharges of fresh water to tidewater can be expected when the final section of dike on the northeast shore of the Lake and the widening and deepening of the Caloosahatchee River west of the Lake are within three to four years. Meanwhile the additional releases of water into the National Park are designed to benefit the Park until the time when results of the long-range U. S. water supply study are known.

Adult Art Class Exhibit Held At Florida National Bank

The Art Display of Mrs. Margaret Earwood and Mrs. Greta Beals' Adult Oil Painting Class held last week at the Florida National Bank, drew many admirers. A number of lovely paintings were displayed by the talented artists.

The following is a list of names of the participants along with a short description of their work:

Micki Harris, a country scene, with horses grazing beside a stream; Echo Painter, Bowl arrangement of Red Gladioli and Yellow Roses. Also, a painting of an arrangement of Yellow Mums; Mary Lou Raulerson, Sunset over the lake with small boat in the shadows; Nell Pritchett, single Magnolia; Marie King, Bowl arrangement of assorted flowers-small picture of wooded hillside by countryside scene with river and trees. Painted desert.

Heleen Burr, ocean scene with palm trees and clouds-Sailboat on The Lake-Scene in the Everglades with tall cypress trees

and hanging moss-painting of a Gloxinia plant; Ethel Herbert, Pheasant in Flight; Wonnell Moore-large painting of, very realistic looking Ocean Waves; Elise Cornell, Sailors securing small boats to a ship; Joyce Brundrett, Sunset over the lake and wheat blowing in the wind in the foreground; Edna Maxson, a very realistic wooded hill side scene, with small flowing brook; Doris Carter, View of Mountains through trees; Rachel Cranford, Breakers lashing seashore and small house nearby.

Judy Thibaut, Lake scene with purple mountains in the background; Edye Burdine, Large Magnolia arrangement-Seminole Indian seated, sleeping in his hut-Scene in Cave with flow ers growing around rocks; H. Esterson, Snow scene in a wooded area with small brook; Micki Harris, Pasture scene with horses and colt grazing; William A. Thiebaud, a very impressive large painting of Christ Knocking at a Door-Large painting of a church at Christmas, in the evening with Christmas tree in front of church, lighted; Edna Barrett, large very realistic picture of the seashore and light-house, with other buildings near by and seagulls in flight; Kay River Sellers, Huts and small boat in foreground, and in background man walking down road; Minnie Williams, Buffet with arrangement of yellow flowers and silver tea service.

Liska Humphries, Sunset over the Lake, with small island in the center; Jean White, Scene in the Everglades with small shelter just off the water; Ruth Wedgworth, Lake and wooded scene - Cypress trees and Egrets; Gerry Lottes, life-like painting of small white French Poodle; Isabell Lamb, Evening over the ocean with palm trees near shore.

Becky Ponder, Mallards in Flight; Mrs. Nan Draa, Floral arrangement; Helen Esterson, Pheasant in Flight; Sherriann Tabb, single Lavender Orchid and Liska Humphries Scene over the ocean with white birds in flight.

All of the paintings were very good and the individual artists are to be commended for their work.

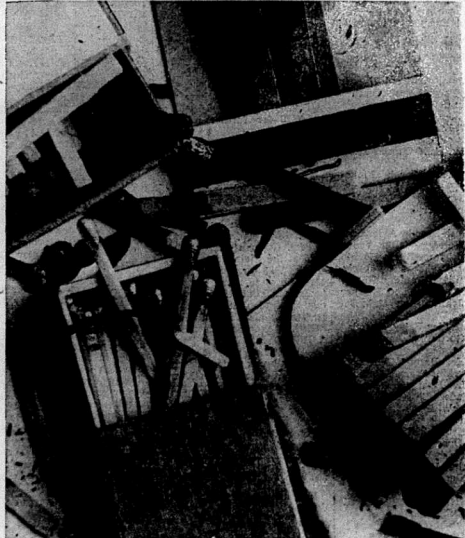

"UGH!
 ME HEAP
 BIG
 INDIAN
 CHIEF!"

The wild Indian's insurance was his weapons and a fast horse. Today a responsible Homeowner needs protection from a dozen or more possible losses. The business man even more. So it makes sense to place it all in the hands of one local independent agent whom you can trust to help protect you at the least possible cost.

Senior Hi-Lites

One of the Senior Hi-Lites for this week is Farrell Tanis Kaufman who was born June 29, 1947, at West Palm Beach, Florida. This 5'7" Senior has freckled hair and dark brown eyes. Farrell, who loves to play football, is also known as the "Count on Me." English IV is his favorite class and "amazing" is his most common expression. Although she drives a Buick Electra, Farrell would prefer to be president of the Science Club. Farrell takes a great interest in the science fair each year. In the future Farrell plans to attend the University of Florida and then live in New York City.

Business Education

The Business Department, through the combined efforts of Mr. Ben Painter and Mr. Jim Rasco, teaches the students the skills that will enable them to gain initial employment.

The courses offered are:

GENERAL BUSINESS — Introduces students to the business world and basic economic procedures to help students to better handle their personal affairs. This is accomplished by studying units such as budgeting, filing, insurance, credit, communications, travel and merchandising.

TYPEWRITING I — Presents the keyboard and techniques necessary to handle personal typing problems and provides a basis for further vocational training in using this skill.

TYPEWRITING II — Provides the necessary skill in obtaining a position which requires typing skill. The course, as presently taught, includes a clerical office practice course.

BOOKKEEPING — Trains the students to keep a simple set of bookkeeping records for a single proprietor in an orderly manner so the records may be interpreted and analyzed.

SHORTHAND — The process of substituting outlines and characters for the sounds and words of the English language. The main goal is to attain the greatest number of words per minute with as much accuracy as possible.

The students may see one of the Business Department's displays in the display case.

Unclassified Want Ads

WANTED — Someone with large domain consisting of cooking range, large breakfast table, and chairs. Please call for details. The advertiser is for use April 30.

WANTED — Rental of Rolls Royce convertible at a reasonable price for use April 30.

WANTED — One package of instant dates usable at any time.

WANTED — Someone to plant a money tree among the shrubbery in the patio.

Prom Activities

Tomorrow night one of the biggest events of this school year will take place, the Junior-Senior Prom. At 7:00 o'clock the first portion begins with all the members of the Jr.-Sr. class, faculty, and administration assembling together in the cafeteria for the banquet. A delicious menu has been planned and preliminary preparation is under way. After the dinner, the Senior song, "Enchanted" will be sung. Then the Juniors will reveal their class symbols. After the banquet, the girls will be drawn in their dreamy gowns and turn into princesses instead of the girl that is known in the classroom. With tuxes and formal attire, the boys turn in to prince charming.

Upon entering the gym which has been turned into a fantasy land the students hear the soft music by Paul Chaffin's band. As the Seniors look around fond memories of last year's prom come into their thoughts and memories of this historic night unfold in their memory. The excited Seniors fall into line for their grand march. Until 12, all present enjoy the sweet music and dancing.

The most casual event of the evening is the breakfast. After a long night all go home for a few hours of sleep. The excitement of going to the beach awakens us and the night on the beach is a memory of last year's prom. On Monday morning the sun batters sport their painful sunburn. All recall the 1965 prom that is a memory of yesterday.

Born on January 5, 1948 in Trino, Georgia, Larry Carl Campbell is the male Senior Hi-Lite of the week. Larry who is 5'9 1/2" tall has brown eyes and hair. He is blue as his favorite color and football is his favorite sport. Although Larry drives a Renault, he would prefer a Corvette. Larry is in D. C. T. and he also takes a great interest in F. A. of which he is president.

After graduation Larry plans to go to Mount Berry College in Mount Berry, Georgia.

Girls, Test Yourself

1. When a boy friend brings you flowers, you prefer:
 - a. one dozen roses
 - a. one old-fashioned bouquet
 - a. an exotic plant
2. You'd most like a guided tour through:
 - a. A frilly shirtwaist
 - a. Castle in Spain
 - a. Cape Kennedy
3. If you were buying a new dress, you'd prefer:
 - a. Novelty
 - a. A floppy party dress
 - a. Not a dress — Stretch pants!
4. If you chose a jewelry "trade mark" it would be:
 - a. A string of pearls
 - a. An antique brooch
 - a. A gold bangle bracelet
5. The quality you admire most in a boy is:
 - a. Good taste
 - a. Kindness
 - a. Imagination
6. Your favorite spare-time reading is:
 - a. Poetry
 - a. Travel and other non-fiction
 - a. A night on the town you'd love to have
7. For your room, you'd most love to have:
 - a. A bed with a beautiful canopy
 - a. A hope chest for filling with dreams and pretty things
 - a. A hostessman
8. If you had a magic carpet, you'd prefer to be:
 - a. In the English countryside
 - a. On Safari in Africa
 - a. In 11. And if you had a time machine, you'd attend:
 - a. The inauguration of President Washington
 - a. A ball given by Marie Antoinette
 - a. The founding of the first Space Colony

Art Show Slated For Tuesday, May 4

The annual student art show will be held on May 4th at 7:00 to 10:00 in the Belle Glade High School Gymnasium. Everyone is invited.

Theme of this year's work is "The American Artist and His Art."

Outstanding work has been done in several fields of creative art. Classes have progressed from early American Indian art to the styles of art work done today in the United States. A study of the history of American art follows along with the techniques learned in class. The show will be open to the school from 8:30 to 3:30 on Tuesday but must be closed for judging from 3:30 to 5:30. First, second, third, and honorable mention places will be judged and ribbons will be given to the winners.

Mr. Earwood has presented the class with a wide assortment of art ideas and has shown and enjoyed by all who attend.

Speakers Define Employment Problems

What reasons do employers have for having hired or rejected an applicant for a job? This is a very important question to those persons seeking employment; and to answer these questions Mr. John Guernsey, representative from the West Palm Beach branch of the Florida Employment Agency, and Mr. Walter M. Mosley, Sr., head of the Belle Glade branch of the Florida Employment Agency, were invited to speak to the Juniors and Seniors at a special assembly last Friday morning, April 23.

Mr. Guernsey, in his talk, stated: "Out of the many people that I have helped with employment problems, many of them died in the interview. Some wore their clothes too tight; a few of the girls were overtly made-up; and too many persons chewed gum and smoked while the interview was being held. He went on to list many more reasons why employers turned down people. Then, he stressed what employers looked for when they interviewed an applicant.

1. The person must have a well rounded education which means that a high school diploma is a must.
2. The employers look for maturity and age. A person shows this through his appearance, attitude, and manner.
3. The employer wants a person that will be a good representative for the organization.
4. The employer looks for job aptitude and experience, but there will be fewer unskilled and unprofessional jobs in the next ten years than there are now.

The Teenager

By Petie Parrish

The unfortunate circumstances which often take place in the teenage years are frequently pointed in the direction of the teenager. What is the cause of this? What actually motivates the young people to do bad things? Are teenagers always at fault? Can you help? These questions need to be discussed in every community with open and unprejudiced minds.

First, what is a teenager? A kid between 13 and 19? A monster? A delinquent? Or just the kid who is lost and needs your help? The teenagers are growing, finding, and venturing into the first steps of adulthood. They are actually individual persons like yourself. Not hoodlums, not kids, but people-looking for something different and something exciting to do. The basic factor which causes most teenagers to get into trouble is the lack of this something to do. In Belle Glade one can go bowling, to the theater, or to a social party or dance. One craves for something completely different and new is to be a teenager. Some say leave him alone, some say supervised drug strips or clubs of one sort or the other. Some parents often encourage teenagers to do bad by saying "well you shouldn't have been caught or it's not our fault." What the youth really needs is understanding, co-operation, and guidance. If the teens are held gently but firmly the average modern teenager can usually find something to do.

Is the teenager always the blame for accidents or mischief? How many things happen each day which are blamed on just one group of kids or some "trouble makers." When someone says by your house in all probability you say "just another teenager," but it could be an adult.

Next time they're infuriated by some misadventure of a teenager see if you can help not hinder. Remember you too were once a teenager and it takes more than one understanding parent to turn the tide of juvenile delinquency.

"The Vocation of every man and woman is to serve other people."

"Success comes from wide-awake days rather than from sleepless nights."

Girls and Boys Staters Tally Bound

Boy's and Girl's State candidates were chosen last week by points such as leadership and scholarship. The faculty nominated a number of girls and boys for this honor from which four girls and six boys were elected. Names of these students were turned over to the American Legion Auxiliary who selected from these ten the two girls and three boys to go to state, and their alternate boys.

They will spend a week at the state capital and take an active part in the operation of the state governments work. Election for such offices as the Governor and Senator will be held. The boys chosen were Eddie Haines, Glenn Wolf, and Jimmy Jackson. Girl staters are Libby White and Mary Kate Ponder.

Mary Kate Ponder — Mary Kate who is often called by her nickname "Humph" is a very active girl in all her activities. She is in Para Meds, on the Tennis Team, and in the Student Council. She is also the officer of treasurer in both Student Council and Para Meds Club.

Libby White — Libby is the Junior class secretary besides being in the Beta Club and Student Council. She moved to Belle Glade from Virginia several years ago. After graduation, she plans to go to college and become a social worker.

Elizabeth Ann White — The song "It's Almost Tomorrow" and the saying "Time will tell" are frequently being said by Libby. Her pet peeve is to have someone interrupt her while she is on the telephone.

Charles Edwin Malone — Eddie likes to spend his time out of doors. He is president of the Explorers a member of the Beta Club, and on the Track Team. For the past two years, he has won recognition for his outstanding science exhibits. He has gone to two State Science Fairs with his work. This year he exhibited his snake project.

Rams Reach Finals Little Miss BG To Be Chosen May 7

The Golden Rams baseball team defeated Stuart 14-5 Friday to advance to the finals in their tournament.

The Rams pitcher, backed by a thirteen hit attack, held Stuart to five runs. Riley Foster pitched the first seven innings, but was replaced by George Rodriguez when he became ill.

The Rams will play afternoon at Newman Stadium at 2:00 p.m. on Saturday.

Who's With Whom For The Prom

April 30th is the big day. The prom is just around the corner or shall we say, just over the hill. Everybody is asking who is going with whom? Here is a partial list of prom dates.

Who Is It?

Can you guess who this darling little boy is? It really stumped half of the students. He is the male half, the females all knew who it was. Here's a few of the comments: "LEP" — "He's so cute, isn't he?" "I see me think a minute. Is he cute now?"

PAULA SHEPPARD — "I know who that is. It's stupid. It's my picture. Remember?"

GERALD WATSON — "This is Gregg Jones's daddy."

JIMMY JACKSON — "I know who that is. It's my brother."

RICKY KRUSE — "I ain't got no idea. Coach Davis?"

BRENDA PREVATT — "I know who that is. Skipper Bowles."

Well as I said, the females knew who it was. It is Skipper Bowles. Isn't he adorable?

Famous Last Words

... Mr. Earwood, you ARE going to review us for our six weeks test!

... Your senior year in high school will pass so quickly!

... Mr. Goldwater, you're going to be our next president.

... Geronimo wouldn't hurt a flea.

... I'm sorry, Miss Godiva, but we don't permit that kind of horseback riding here.

... Your humanness test will be your easiest test.

... Mr. Khruushchev, your colleagues love you.

... Ford, he's not a cop behind us!

... Mr. Custer, there's not an Indian in sight!

... From Mr. Hayes comes these famous last words—"I'm NOT going to work on the prom this year!"

There were 43,989 medical articles on heart drugs published between 1934 and 1959.

THE ANNUAL AGRICULTURAL DAY in Tallahassee grows less and less attractive to the City Slickers, in the Legislature and farmer boys migrate to the "less work and more pay" in industry.

State Forester Hux Couther (right) has agricultural interests throughout most of Florida; Representative James Wise of Ocala (middle) has many supporters agriculturally minded.

Representative Emmett Roberts of Belle Glade, Palm Beach County, represents the largest county east of the Mississippi in area, in water surface (until the Pork Choppers complete the chopping of Lake Okechobee), and variety of food and flowers. The two Legislators aren't "putting on" they're serious about this agricultural business.

SOUTH BAY AREA NEWS

Desegregation Plans Generally Accepted With Optimism

Learning Is . . .

Learning is the process by which a person may gain new skills or new knowledge. It is easy to identify what we have learned when we learn how to ride a bicycle or how to say "good morning" in a foreign language. We also learn other things. We learn our prejudices, or strong dislikes, even when we accept one political party as always wiser than another. We also learn the mannerisms and gestures that distinguish us from other persons, such as special facial expressions, or special ways of talking. We also may learn undesirable habits, such as biting our nails.

You may have asked the question: How do we learn? Well, much learning requires the kind of mental activities that we call "learning." Many smaller patterns of movements into larger units, controlled by various signals that reach us through our five senses. For example, operating a typewriter requires putting together many small movements controlled by the letters and words that we want to copy. This kind of learning requires a great deal of time to smooth out the rough spots. Because of this, psychologists often call it trial-and-error learning.

As a result of their research, psychologists have developed a few general rules designed to help a person learn skills. One rule is that a person usually learns skills more easily when the learning is broken down into short, widely spaced practice sessions than with longer sessions held closer together. Another general rule says that for acts that require a high degree of skill, an expert instructor is often helpful to show the learner what a good performance is like, to diagnose and correct errors, and to provide the learning of habits that interfere with performance of the skill.

Learning takes place more efficiently when a person is ready to learn. Readiness comes about through the combination of at least three processes. These are growth, prior experience, and desire to learn. A child who is old enough and until he has a sufficient background of experiences with letters and pictures.

At school, some teachers have an influence on students learning. Some teachers give the students a desire to learn. Learning plays an important part in our getting an education. If a student can learn well, he can have a great deal of difficulty in getting his lesson.

Elizabeth Stewart

Bobcat Page Will Feature Senior Superlatives

Each week, for the remainder of the school term the members of the newspaper staff will feature "Senior Superlatives." These persons have been selected by the senior class members. This week an article on "The Most Popular" girl and boy in the senior class will be published.

The most versatile seniors will be featured the second week. These are the persons who are the best all around.

The paper shall be enhanced the third week with an article on the members of 1965 believe are the most likely to succeed.

The fourth week an article on the "Most Athletic" will be printed. These are the persons who have exhibited the greatest skill in sports.

The "Most Talkative" seniors will be featured the fifth week in the write-up. This title is self-explanatory.

The following week, the most ambitious seniors will be named.

To conclude the featuring, The Valetudinarian and the Salutatorian will be featured in the last edition of the Bobcat Page.

Student Election Day, Tomorrow

The Student Council members have declared April 29, 1965 as student election day. On tomorrow, the members of the student body will cast votes and elect the student council officers and campus royalties for the ensuing school term.

Each student is asked to be present in order that he may cast his part in this democratic procedure.

The Clock Tic-Toc; Tic-Toc

A clock is a unique device. It is a very clever invention of mankind. The clock serves as a reminder of promptness for the business and industry. For the housewife it serves as a continuous reminder to see that everything is kept in line with the schedule. But for a girl whose love is fading it has an altogether different meaning. Baby Washington proved this to be especially true in the song that she wrote about "The Clock-Tic-Toc-Tic-Toc."

Campus Fashions

Now, its Spring time and Easter brought in some very stylish fashions. And I see that the cool colors of pink and blue are being worn by Janie Thomas, Emma Davis, Gloria McCall, Emma Lawson and Alice Burns.

The beautiful plaid coats look rather nice. They are being worn by Betty Roberts, Janie Thomas, Johnnie Brown, Lavon Smith and Robert Patterson. They are not and something good on the feet like sandals are rather stylish, they are being worn by Deloris Spencer, Annie Bell, Bertha Thomas, Jerry Roberts, Lamar Mullins, Wendy Weathers, and Annette Williams.

The checked (cooled) coats are in style and they are being worn by Joe Polk, Freddie Lorry, Linda Bailey, Willie Ruth Hill, Daphne Adams, Larry Wicks, and Luverna Crane.

The way-out hair styles around the school are being modeled by Betty Roberts, Dorothea Brown, Ruby Henderson, Gloria McCall and Laurita Mack.

It's couple time and couples are wearing the his and hers shirts, these shirts are being modeled by Jerry Roberts and Willie Ruth Hill, James Harris & Joann Macklin, Freddie Lorry & Linda Bailey.

The vests are rather cool and they are being sported by Robert Parrish, Frank Williams, Charles Daniels, Ronald Cook, and Alfred Ryle.

I'll see you all next month with the Fashions. Until then, buy your style and keep up with the fashions.

Patrolman Speaks To Class

On Thursday, April 15, 1965, Officer Charles B. Clark spoke to the members of an English III class. The students, engaged in group discussion, asked of the Officer Clark what he had to say about the law and juvenile delinquency.

Officer Clark, who is a member of the law enforcement, spoke to the students about the law and juvenile delinquency. He spoke to the students about the law and juvenile delinquency. He spoke to the students about the law and juvenile delinquency.

Student Of The Week

JOSEPH JOHNSON, 139 lbs. 5 ft. 7 1/2 in. and a native of Belle Glade — "Student of the Week."

This student has achieved a great deal since his entrance at Lake Shore. He has done tremendously well in Clerical Work. I'm sure most teachers as well as students know him.

Joseph was born June 2, 1947 to the late Mr. Ira Lee Johnson and Mrs. Jessie Bell Johnson of 608 S. W. 12th Street.

Joseph's goal is to become a Business Executive or a Chemist. I'm sure he will succeed if he continues to work hard in Business Administration and Chemistry.

Joseph is a member of 11-Homeroom, Dramatics Club, Sergeant of the Student Patrol and Reporter of the Honor Society.

Just For The Record

ON READING
How Well Better Reading
Benefits (Reading Leads to Appreciation of Literature)

If you want to read faster and with more understanding, you can do many things that require reading with efficiency. You can also save a great deal of time for other activities. These are only a few of the benefits from better reading, as this article will show.

You accomplish more in less time when you are reading a book at the rate of about 200 words a minute. Suppose that you are reading a book at the rate of 100 words a minute. You are reading 50 percent more than you are now. You are also saving a great deal of time for other activities. These are only a few of the benefits from better reading, as this article will show.

Why Beatle Haircuts?

Teenagers are some of the most unique persons there are. They are full of energy and crazy ideas. One of their latest ideas was the Beatle haircut which originally came from the famous recording stars, the Beatles, who are from England.

This new style of haircut really startled the nation and the parents of most teenagers.

The haircut is not only worn by boys but girls as well. Why do we wear this type of hair styles? Some teenagers wear it to show that they are really different from the rest of the crowd. Some wear it because they think it is really cool. Some wear it because they think it is really cool.

Reflections Of A Graduating Senior

When one sits and thinks about the past year of high school, he realizes that all events that have taken place seem to have happened only yesterday.

When I think of the past year, I realize that I have grown up. I have learned a great deal about myself and the world around me. I have learned that I am capable of more than I thought I was.

I have learned that I am capable of more than I thought I was. I have learned that I am capable of more than I thought I was. I have learned that I am capable of more than I thought I was.

Hypothesis Of High School Seniority

By Laurita Mack

If you like being recognized as a senior in the school—
If you like being sophisticated, or attempting to be so—
If you enjoy memories of years gone by—
If you like to have people expect the best from you—
If you like to set examples and keep underclassmen in line—
If you like to be in authority on student government day—
If you like to use your time wisely because it's your last year—
If you like to think of next term as being a college freshman—
If you like scowling parting on the last day of school—
If you want a diploma to show years of hard work—
If you like caps and gowns that you will wear—
Then be a high school senior

Most Popular Seniors

Everyone is familiar with the two faces above. These seniors have been chosen the "Most Popular" students in the senior class. I'm sure that all of you do agree that they are indeed the most popular. These students are Deloris Spencer and Nathaniel Holloway.

Deloris Spencer, a native of Belle Glade, weighs 140 lbs. and is 5 ft. 5 in. Deloris is a member of the New Homecoming of America. Most of us know her as "Lois." As of now, "Lois" looks forward to becoming a good mother and housewife.

Nathaniel Holloway, also a native of Belle Glade, weighs 178 lbs., and is 6 ft. 2 in. Holloway is President of the Dramatics Club, Assistant Editor of Yearbook Staff, Red Cross Representative of Senior Class, the Captain of Student Patrol and Treasurer of the Student Council. Holloway's favorite subject is mathematics. His favorite color is white.

Mimi's Column

Hello everybody, what did the Easter Bunny greet you with during the Easter Holiday? I see you came back to school with patches on your hand and knee. What happened? Is this how the Bunny treated you?

Easter comes but once a year, and it brings all the college students home.

M. A. F. I see that J. S. was riding his girlfriend around on a bicycle. But you didn't expect to see L. R. M. but what you didn't know, you were riding her on a bicycle. But you didn't expect to see L. R. M. but what you didn't know, you were riding her on a bicycle.

J. G. B. I see that you were riding your girlfriend around on a bicycle. But you didn't expect to see L. R. M. but what you didn't know, you were riding her on a bicycle. But you didn't expect to see L. R. M. but what you didn't know, you were riding her on a bicycle.

Fun Korner

Manager: "So you are a dollar short this week? You never protested when you were paid an extra dollar last week."

Employed: "One mistake is acceptable, but two mistakes are unacceptable."

The boss was walking through his shipping department when he saw a boy sitting on a crate. Boss: "What's your salary?" Boy: "\$20 a week." Boss: "That's a week's pay. Go on, you're fired." (A short time later to foreman: "How long has the boy in the shipping room worked for?" Foreman: "He doesn't work here any more. My, my, my, just stopped to deliver a package.")

Mayor's Proclamation

May 1, 1965 Law Day USA
April 22, 1965

WHEREAS, Law Day, USA, will be celebrated on Saturday, May 1, 1965, and the theme selected for this eighth annual observance of Law Day is "Uphold the Law — A Citizen's First Duty;" and

WHEREAS, the basic objectives of this annual observance are:

- (1) to make more meaningful to Americans, especially the youth of the nation, their heritage of individual freedom under law;
- (2) to foster increased respect for law and the courts which protect the rights of all citizens; and
- (3) to emphasize the basic values of the rule of law in the United States as contrasted with the rule of force and fear under communism.

AND WHEREAS, the basic aims of Law Day are to foster increased respect for law, for independent courts which uphold the law, and for a deeper awareness of the benefits and responsibilities of citizenship; and

WHEREAS, it is especially fitting at this time that each of us, as citizens of this great nation, should reaffirm our faith in the rule of law and in the supremacy of government by laws rather than men; and

WHEREAS, the Congress of the United States, and the President by official proclamation, have designated May 1 as Law Day, USA, and

WHEREAS, liberty and equality for the individual are what distinguish our system of government from communism, under which millions of people today live in fear and tyranny. No better time could be chosen to call public attention to our great heritage of individual liberty under law.

NOW, THEREFORE, I, George LeBron Williams, Mayor of Belle Glade, Florida, do hereby proclaim Saturday, May 1, 1965, as Law Day, USA, in the City of Belle Glade, Florida, and call upon all citizens, organizations, and schools to recognize this special day with suitable programs, ceremonies and educational activities.

Dated at the City of Belle Glade, Florida, this 22nd day of April, 1965.

Geo. L. Williams, Mayor.
ATTEST: Vera C. Jones, Clerk

Three Day Beef Cattle Short Course

The 14th Annual Beef Cattle Short Course, sponsored by the Florida Agricultural Experiment Station, is scheduled for May 6, 7 and 8.

Featured this year is, "Factors That Effect Calf Crop." According to Dr. T. J. Cunha, Animal Nutritionist and head of the Animal Science Department, "The calf average in Florida is the lowest in the United States. In Florida, we average about 72 percent while the national average is 86 per cent. Of course, in Florida some producers get as high as 100 per cent."

"It proves it can be done in Florida, but problems of breeding, feed, management and disease have to be worked out, and that is the purpose of this year's Short Course. We want to make the cattlemen aware of the fact that we can have better calf crops in Florida," he added.

Featured speaker is Dr. Jan C. Bonoma, South Africa, who is an outstanding authority on the effects of environment, temperature, humidity and light in cattle production and re-production. He is known for the new breed of cattle called "Bones" 3/16 Hereford and 3/16 Shorthorn as long as the return horn.

During the three day Short Course 31 cattle researchers will be featured on the program, representing 12 cattle raising states.

The public is invited to the Beef Cattle Short Course which also features barbecue lunches and dinners.

The course is being held at the Livestock Pavilion at the University of Florida, Gainesville.

Nearly 700 people are expected to attend.
